

DISCOVER

what your child can invent this summer!

The Camp Invention program is a nonprofit enrichment experience that develops creativity, teamwork, and problem-solving skills through hands-on exploration for elementary school children. It promotes a passion for learning science and focuses on making learning **FUN**.

Your children will experiment with physics, engineering and creative problem-solving while practicing critical thinking skills that they will continue to use throughout their **LIVES**.

Parent Comments from 2008

"You know it was good when your child wants to live at school 24/7."

"... in school they give you things and tell you what to do. At this camp, they give you things and tell you to figure it out."

"It's a fun way for kids to find their inner genius."

"They had no idea how much difficult science they were learning. I highly recommend it to other families...my two will definitely be back next year!"

"My daughter has loved the program and learned a lot...a good investment."

ALL NEW CURRICULA

THE DISCOVER PROGRAM

Each day, children entering grades one through six will participate in five innovative activities led by local educators.

Viking Treasure Trek: The Quest Begins™

Brave the fury of the ocean in search of long-lost Viking treasure. Solve puzzles, investigate clues, and work as a team to find the hidden fortune!

Comic Book Science: FlyJack and Jill™

Uncover superhero science such as flying, morphing, and super strength. Then create your own comic book!

Land Sled X-Treme™

Get ready for the ultimate racing experience! Score materials to craft a land sled by completing challenges and then race your creation in the X-Treme obstacle course.

I Can Invent: Fantasy Inventions & Complicated Machines II™

Take apart a broken machine and see what's inside! Then use its gears, guts, and gadgets to invent a machine that's never been seen before.

Recess Remix™

Twist it, turn it, shake it, and reverse it. Transform old-school games in fun, new ways to rock the playground!

The experience wraps up when the parents are invited to view their children's creations at the Inventor's Showcase program!

COMING TO:

St. Patrick's Catholic School
June 9-12, 2009
9:00am to 3:30pm

DIRECTED BY:
